Re: Reseeding

Dear Ms. Tucker:

This is in response to your request to transplant seed clams as follows:

Start	Stop	Source	Destination	Supervisor	Approved
5/27/16 7:00 AM	5/27/16 11:30 AM	DEI	Southern Three Brooks	Shellfish Warden Wayne Robbins	X

***Alternate Date of activity 5/28/2016.**

Note: Areas seeded with clams taken from Restricted or Prohibited (Closed) areas must be closed for a period of at least 6 months. This applies to any transplant listed above where 'Approved' is NOT checked.

This letter will serve as permission for the above activity provided that the listed Supervisor contacts, 24 hours before the start of the activity, the Municipal Shellfish Warden, the Marine Patrol Officer responsible for this area and the Marine Patrol Division II Office at 667-3373. You may call the Division II Office in advance to determine who will be the local officer on duty and obtain direct contact information. DMR would also request that you work with your area biologist to evaluate the effectiveness of this transplant activity.

If DMR can be of further assistance, please don't hesitate to contact me or your area biologist, Heidi Leighton at 434-5922.

Sincerely,

Denis-Marc Nault
Shellfish Program Supervisor

cc: Lt. Jay Carroll Marine Patrol Division II - Lamoine
Kohl Kanwit, DMR Public Health, Director
Heidi Leighton, Area Biologist
